- online, by bank card,
- at agencies, by bank card, cheque (French), in cash (Euros), or French holiday voucher (depending on the agency).

Section I.3 - Travel ticket validity

Travel tickets are valid for the journey, day and departure time indicated on the ticket. Transaltitude travel tickets purchased through the <u>www.transaltitude.fr</u> web site are subject to the Terms and Conditions of Use of the <u>www.bus-et-clic.com</u> web site. At boarding, the Customer can show their ticket printed out on paper (A4) or on an electronic device (e.g. smart phone, tablet, laptop, etc.).

For tickets printed out on paper, the printout must be legible and of good quality. Partially printed, soiled, damaged or illegible tickets will not be accepted by the coach driver and will be deemed invalid.

Section I.4 – Times and boarding

The bus stop timetables are not contractually binding. Coach times are calculated according to average traffic conditions and may differ due to variations in these conditions. Customers should be at bus stops and ready to board at least 15 minutes before the timetabled coach arrival/departure time. For SKILIGNE Customers departing from Grenoble coach station, Customers should be there 20 minutes before departure. At certain times during the winter season, Transaltitude journeys may be operated with a connection on the way. Customers should check with the driver to find out about any connections. Transaltitude cannot be held responsible for connections not made by the customer and any resulting costs.

If a Customer has a connection with another transport network (train, bus, plane...), Transaltitude cannot be held responsible for any missed connections and extra costs the Customer may incur.

Section I.5 - Promotion SKILIGNE ticket

The *Promotion Skiligne* ticket is only open to passengers travelling on the Transaltitude network. Skiligne products cannot be refunded whatever the circumstances. The ticket does not include any insurance coverage for the leisure activities undertaken.

The SKILIGNE ticket includes:

- a Transaltitude day return ticket with fixed departure times,
- a day Alpine ski pass.

This ticket which includes a ski pass is not a ski pass in itself. The Customer obtains their ski pass when they show a paper (white A4) or electronic version of their Skiligne ticket. See section I.3.

In the morning, the Customer must arrive at Grenoble bus station <u>at least 20</u> <u>minutes before the bus departure time</u>. Ski passes are obtained on departure at Grenoble bus station (Skiligne-Transaltitude collection point).

On arrival at the resort, if the ski slopes are closed due to weather conditions, Skiligne customers must go directly to the ski lift ticket offices. Only the ski lift company may decide to renew the ski pass part of the Skiligne ticket for another date. In this case, the travel part of the Skiligne ticket will not be amended or refunded as it will have been used.

If the ski slopes are closed early, the Customer may go to the ski lift ticket offices for information about any early departure of coaches.

There is no snowsport insurance coverage included in the Skiligne offer: the Customer may go to the resort ticket offices if they wish to take one out.

Section II.1 - Passenger luggage

Carriage conditions for passenger luggage are described in the network operating rules. All TRANSALTITUDE tickets include a free per passenger luggage allowance which consists of and cannot exceed the following: one standard-sized suitcase or travel bag not weighing more than 20 kg (stowed in the hold) + one pair of ski boots (stowed in the hold) + one pair of skis or one snowboard (stowed in the hold) + one piece of hand luggage (stowed in the overhead lockers on board). Any additional luggage is charged according to the going per item rate.

Luggage stowed in the hold must not exceed 20 kg per person and a total dimension of 150 cm (= length + width + depth). Any luggage exceeding the afore-mentioned weight and size is considered as non-standard (or XXL) and is charged as such according to the going rates. Due to the limited space in the hold, non-standard luggage such as "compactable travel bags" with wheels designed to carry several pairs of skis or snowboards will not be accepted.

This luggage must be labelled with the name, phone number and address of the Passenger concerned. The Passenger may also add their email address on the label. The Passenger is solely responsible for labelling their luggage.

Theft or damage to hold luggage

Should the carrier be found liable for any loss or damage, compensation may be awarded on presentation of a proof of purchase not exceeding \leq 150.

Section II.2 – Animals

Carriage conditions for animals are described in the network operating rules. Large dogs may accompany a passenger if a full fare ticket is purchased for the dog.

Police or 'Gendarmerie' dogs, or dogs whose presence is required for the public transport service to operate correctly, that are accompanied by their owner/handler may travel free of charge. Assistance and guide dogs accompanying their owner/handler may also travel free of charge on all Transaltitude routes.

Section II.3 – Booking travel using the 'on-demand transport service' (*Transport A la Demande - T.A.D.*)

'On-demand transport services' (*T.A.D.*) are provided at given times for travel to the Villard Reculas, Auris-en-Oisans, Vaujany and Alpe du Grand Serre resorts.
